Taiga

Year 6 Geography Biomes

What do we need to know?

What is a biome?

How many different biomes are there? What are they called?

How are they different?

Who lives there?

How are they adapted to live there?

What type of climate does it have?

The Extra Mile

Speak to a family member who has visited a different part of the world to find out about the biomes they may have experienced.

Find out about the different animals and plant life that can be found in the different biomes.
