

Knowledge Organiser

Year 3 E-Safety

How do you stay safe online?

Remember to stay safe online!

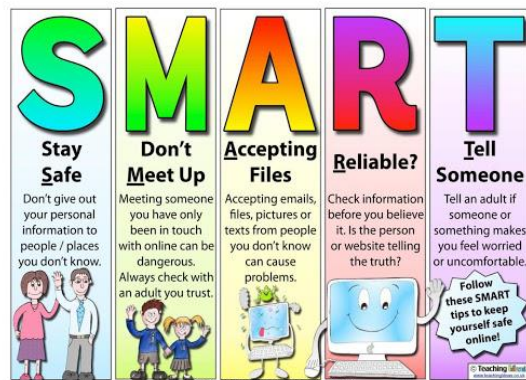

Enhance your learning on Purple Mash, MyOn, TTRS, Topmarks!

We should be able to...

- Explain what you can do if you see or read something you don't like online.
- Understand that certain pages, like social media platforms, have an age limit.
- Explain who to report someone or something if you feel threatened or unsafe.
- Explain why it's important to keep our passwords safe and why we don't share them.
- Understand why it is important that we too, are kind and safe online.

Must: Use these words in context.

- Internet
- Website
- Cookie
- Virus
- Report
- Online
- Device
- Social media
- Parental control
- Password
- Access

Could...Go The Extra Mile!

- Create a presentation on E-Safety using all the pieces of advice you can think of.
- Can you create a quiz to test other people and their knowledge of E-safety?
- Make a leaflet showing people how to stay safe online including who you could talk to if you found something strange.
- Check out 3 useful websites which tell you how to stay safe online and share them with your friends.
- Visit childnet.com and make a family agreement about how you all use the

Websites
