

# Year 4- Volcanoes

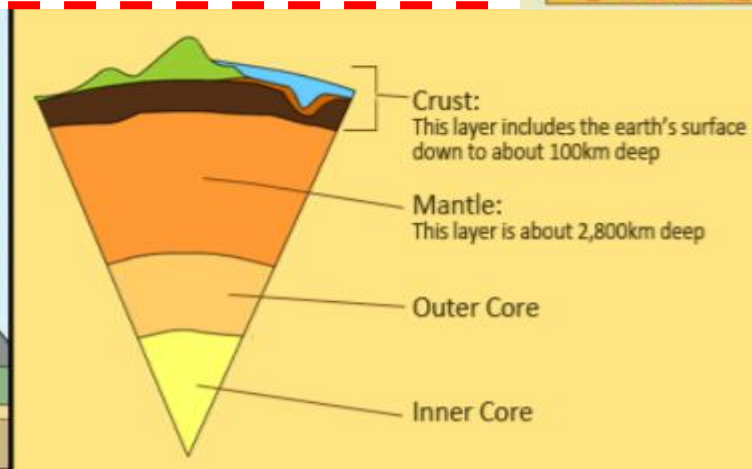

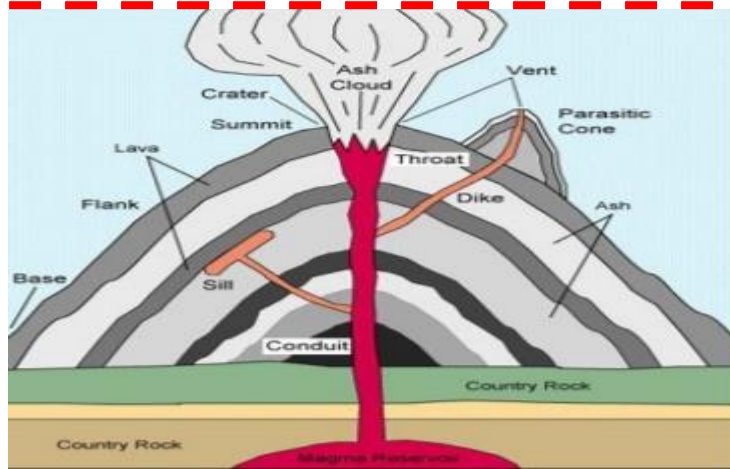

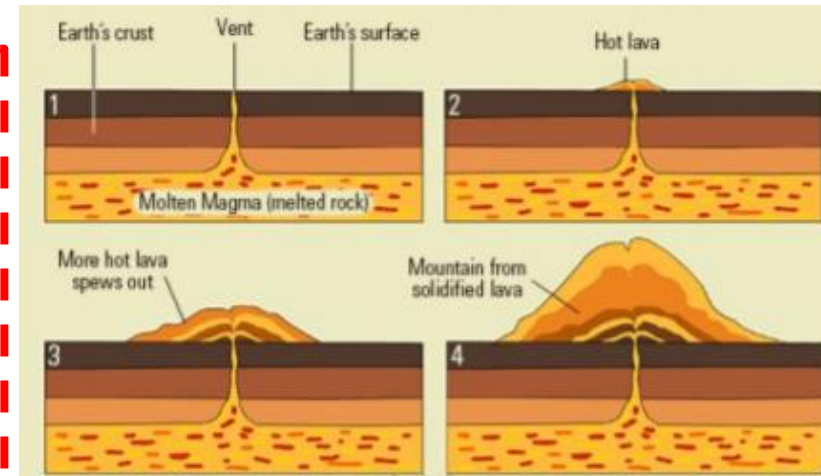

## Vocabulary

volcano/es  
 magma  
 lava  
 crater  
 eruption  
 ash cloud  
 dormant  
 vent  
 gas  
 molten  
 tremor  
 epicentre  
 volcanologist  
 Earth's crust  
 Earth's mantle  
 Earth's core

## What do we need to know?

- How are volcanoes formed?
- What causes an eruption?
- Where are volcanoes located in the world?
- Which volcano has caused the most devastation?
- Where is the biggest volcano?
- What is the Ring of Fire?

## The 'extra mile'...

- make a fact-file about a specific volcano
- draw and label a picture of a volcano
- paint a picture of a volcano erupting
- make a 3D volcano- can you make it erupt using science?
