

# Knowledge Organiser: English - Word Classes

## Must

- Noun
- Verb
- Adjective
- Adverb
- Subject
- Object
- Clause
- Commas
- Conjunction
- Preposition
- Determiner
- Colons/Semi colons
- Relative Clause
- Parenthesis
- Expanded Noun Phrase

## Should be able to...

- Understand and explain all of the word classes in the 'must' section of this Knowledge Organiser.
- Discuss each of the 'must' word classes and give several examples of each one.
- Include all of the 'must' word classes fluently across all produced written work.

## Extra mile work

- Produce a poster or presentation detailing all of the word classes, providing detail, pictures and plenty of examples for each one.
- Create your own word class game for you and your family/friends to play. This may involve a similar image to the one on the left with an arrow. Whatever the arrow lands on, you have a time limit to give an example of that word class in a sentence. The first to a chosen number wins.
- Make a variety of word class cards that include the word class on one side and a picture, description and example on the other side. These may also come in handy for secondary school or for a younger sibling.
- Create visual sentences including a range of different word classes. You can use items from around your house, family members etc. You may want to take pictures of these to send to your teacher.
